

LSN is pleased to present the Assisted Living Tool-Kit!

Understanding the requirements of Illinois laws and codes can be very confusing because typically these documents are not written in an order that flows logically for the average citizen. Thus regulations can be a challenge to read and sift through especially when looking for a specific topic or subject matter.

This kit provides the Assisted Living Regulations in an easy to read format as well as provide you with valuable information to assist with interpreting and implementing the rules!

The kit also includes information on:

- Licensure Application Process
- On-Site Review
- Disclosure
- Residency Requirements
- Residents Records
- Resident Assessments (evaluations)
- Resident Orientation
- Service Plan & Delivery Contract
- Establishment Contract (lease)
- Negotiated Risk Agreement
- Resident Handbook (house rules)
- Resident Rights
- Grievance Procedures
- Disaster Preparedness
- Incident Accident
- Quality Improvement
- Medication Management
- Life Safety Documentation
- Employee Training

The Tool kit includes a check list which is designed to assist you in identifying and keeping track of the requirements that need to be met.

And, there are sample forms, procedures and contracts provided to use as a guide in developing your own.*

*These documents have not been reviewed by legal counsel and are not guaranteed to meet all statutory requirements. Always engage the services of legal counsel prior to executing any binding document.
